

# Caricatures

These Caricatures are taken from C/P/38 the Papers of the Keith family. They were drawn by David Barrogill Keith (D.B. Keith). He drew caricatures of people he knew, including the officers in his Battalion, and often included short character sketches too.

Using the images below as inspiration, try and design your own Caricature – it can be of a well-known person, someone you know, or a character you make up!
