

# Shared Perspectives

Ian Giles Jana Emburey Lucy Woodley

Inverness Museum and Art Gallery

2 July - 27 August 2022

## Journey Card adventures

1. Having spent time with Ian, Jana and Lucy's artwork, think about where you live and what that means to you. When did you last explore your own sense of place?
2. Choose a Journey Card from the selection below. Try to choose the first card you see... try not to look at the individual cards so that the card you choose is random. This adds to the sense of adventure.
3. A sense of place gives us a feeling of attachment as well as a deeper connection to our identity. If we understand the stories behind where we live and why, it can change how we feel about the place, itself.
4. Go out and explore your own sense of place in the world. Investigate the buildings, the streets, the country lanes and maybe even talk to the people you meet along the way.
