NUCLEUS

## Calligraphy Class 4

Finally, we will be looking at flourished handwriting, and the different ways you can flourish letters. Take a look at some examples from Wick Burgh Minutes (BW/1/4) below.

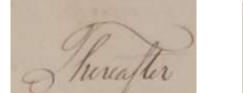

Write down what letters are flourished in each example, and what the words are if you can read them.

As you can see from each example, there are many ways of flourishing different letters. Can you think of any other ways you could flourish the words in the examples?

## Calligraphy Exercise

We have extracted some flourished words from  $\underline{BW/1/4}$  which all start with the same letter. Does where they appear in the document make a difference to how flourished they are? Write your thoughts below.

The maching underet to appoint Theast masters to fix and Alormine the Thanks and proportions of apopenessed to be levied Grow the Inhabita of the Burgh for payments of the Land The and other public Burdens when they did and hinty do appoint thefe John Rich, Alexander Supple. Alexander Frever, Charles Houth and Alexander Breece to be Stend masters the presence year - due they hereby authorises them to enced as such times and filans as they shale Sport to fix and determine the flare and productions of said afferment is the price to each triducidual liable to the laced, and Report that flow Role on Back & the magistrales and former at this sucling. There ofter Bailes Waters lain before the meeting any Satwallers 13.

## Calligraphy Example

Take a look at this page from <u>BW/1/4</u> which lists the Roll of Burgess Electors to be Called at Michaelmas. It's unlikely you've seen or heard of these terms before.

NUCLEUS

THE NUCLEAR AND CATTINESS ARCHIVES

**Burgess**— This is a Title which meant the person was a freemen of a burgh. It was an honour given to a valued member of the community.

**Michaelmas**— Occurring on the 29th September each year, and originally called Michael's Mass, it's associated with the shorter days of Autumn.

## Calligraphy Exercise

As you can see from the examples below, this page has a lot more varied flourishing of words and letters. Look over them, and note down anything you notice—do the titles, or jobs have more flourishes than the names? Do you think some letters are easier to add flourishes to than others?

NUCLEUS

IE NUCLEAR AND CATHINESS ARCHIVES

Look back through all the previous examples, write all the different ways each letter is flourished. Compare them and see which you like best. Experiment with creating your own flourishes.
