The Highland Athlete Travel Award Scheme

The Highland Athlete Travel Award Scheme is designed to support performance or development athletes from Highland with their travel and accommodation costs for an agreed training and competition schedule outside of the Highland Region. We understand that there is still a lot of uncertainty around sporting calendars at the moment and we expect this to continue for some time to come as sports adapt to changing restrictions.

This scheme is funded by **sportscotland** and High Life Highland and is administered locally by High Life Highland. The scheme can support individuals that are taking part in sports recognised by **sportscotland** (for more info visit: www.sportscotland.org.uk/sport-a-z). We hope it will make a real difference to the quality of sports performance for people living in Highland.

The overarching aim of this scheme is to improve opportunities for Highland athletes to participate, progress and achieve in sport by:

- 1) Helping to prepare Scotland's best athletes from Highland to perform on the national and international stage;
- 2) Providing financial support for Highland athletes to access high performance expertise in sport;
- 3) Helping Highland athletes to consistently achieve selection to national age grade, national GB programmes and ultimately winning on the world stage.

The outcomes that will be monitored by this scheme are:

- Athletes from Highland gaining National representation (age group / open) in accordance with Scottish Governing Body pathways;
- Athletes from Highland gaining representation at the Commonwealth Games;
- Athletes from Highland gaining selection to GB World Class (Podium, Podium Potential) funded programmes in Olympic / Paralympic sports;
- Athletes from Highland who are currently on a Professional Sporting Pathway;
- Athletes from Highland who are transitioning to central Scotland to further their sporting development pathways within higher performing environments;
