The Highland Athlete Travel Award Scheme

The Highland Athlete Travel Award Scheme is designed to support performance athletes from the Highlands with their travel and accommodation costs for eligible training and competition, and with free facility access.

This scheme is funded by **sportscotland** and High Life Highland and is administered locally by High Life Highland. The scheme can only support individuals that are taking part in sports recognised by **sportscotland** (for more info visit: www.sportscotland.org.uk/sport-a-z). We hope it will make a real difference to the quality of performance sports for people living in Highland.

The overarching aim of this scheme is to improve opportunities for Highland athletes to participate, progress and achieve in sport by:

- 1) Helping to prepare Scotland's best athletes from the Highlands to perform on the national and international stage;
- 2) Providing financial support for Highland athletes to access high performance expertise and environments in sport;
- 3) Helping Highland athletes to consistently achieve selection to national age grade, NGB programmes and ultimately winning on the world stage.

The outcomes that will be monitored by this scheme are:

- Athletes from Highland gaining National representation (age group / open) in accordance with National Governing Body pathways;
- Athletes from Highland gaining selection to GB World Class (Podium, Podium Potential) funded programs in Olympic / Paralympic sports;
- Athletes from Highland who are currently on a Professional Sporting Pathway;
